

MR. TAFT'S BUSY DAY

Golf in the Morning, Work
in Afternoon

"THE WOMAN IN WHITE"

Charles A. Overlook Appointed United States Marshal for Arizona to Succeed Rough Rider Daniels, Resigned.

Beverly, Mass., Aug. 14.—President Taft did not allow the prospect of business yesterday afternoon to interfere with his usual morning game of golf. While Secretary Nagel of the department of commerce and labor, Postmaster General Hitchcock, and E. Dana Durand, director of census, were hurrying toward Beverly yesterday to take up with the chief magistrate the details of the appointment of more than 300 census supervisors in every state and territory of the union, the president motored away to the links of the Essex country club to take up the engels again against General Adolph Ames and W. J. Boardman of Washington. With the president went John Hays Hammond, his partner in the foursome.

At the beginning of yesterday's match the score of golf stood 2 to 0 in favor of Ames and Boardman, but the president and Mr. Hammond were hoping for the best yesterday. The brilliant blue skies and sunshine of the first four days of the week had given way yesterday to leaden clouds and murky atmosphere and with the change of weather the president hoped for a change of luck.

The conference on the census appointments, the greatest division of plans the president will have to dispose of during his term of office, began at 3 o'clock yesterday afternoon at the Taft cottage. Announcement of the selections may be made within the next day or two.

President Taft yesterday appointed Charles A. Overlook of Arizona, as United States marshal for that territory. The retirement of B. F. Daniels, who has served as marshal during the past few years, marks the passing from office of another of President Roosevelt's Rough Riders. Daniels was a daring member of the regiment and had led an active life in the West. His resignation as marshal was accepted by the department of justice at Washington.

Because of an attempt in Beverly to make a mystery of the visits of the "mysterious woman in white" to the executive offices, it was announced yesterday that the visitor was Mrs. W. Harry Schmick of Ohio, whose husband, a former bank teller, is serving a term in the Leavenworth prison. Mrs. Schmick is seeking a pardon for him.

PINCHOT NOT OPPOSING TAFT.

Says He Favors President Because He Is Supporting The Roosevelt Policies.

New York, Aug. 14.—Gifford Pinchot has sent the following despatch from Spokane to the Times: "I did not and could not attack President Taft's policies, because I know him to be in sympathy with the Roosevelt policies for which I stand. If there are influences working to secure my retirement they have to come to my knowledge."

CITY GETS \$5,000.

Judgment Entered By Agreement in Boston Bridge Case.

Boston, Aug. 14.—A judgment of \$5,000 for the city of Boston was entered by agreement in the superior court yesterday in the suit brought by the city against the Boston Bridge works, incorporated, and the New England Structural company, as a result of alleged collusive bids made by the two companies for municipal construction work.

It was charged by the city that David H. Andrews, acting for the Boston Bridge works, and Charles N. Fitts, representing the New England Structural company, submitted bids of \$115,874, and \$113,900, respectively, for the construction of the Broadway bridge across Fort Point channel and that the New England company received \$5,000 from the other concern for submitting a higher bid.

Both criminal and civil actions were brought by the city against the two companies, together with several other concerns charged with similar collusive bidding, after the Boston finance commission had submitted a report making the charges against the various concerns.

MARLBOROUGH RECONCILED?

Mrs. Anthony Drexel Said to Be Bringing Duke and Duchess Together.

London, Aug. 14.—It is rumored that the Duke and Duchess of Marlborough are about to become reconciled owing to the intervention of friends, among whom Mrs. Anthony Drexel is prominently mentioned.

The reunion, should it be effected, will not come as a surprise, as it has been noticed that the Duke and Duchess have been meeting lately more frequently than would seem likely in case of continued estrangement.

The Duchess is now at her country place in Devonshire, which county the Duke is said to be visiting.

POT BURKE OUT IN SIX ROUNDS.

Willie Lewis Too Much for the Sailor Lad.

New York, Aug. 14.—Conceding a dozen pounds in weight, but showing a remarkable amount of gameness, Willie Lewis, the local welterweight, who may soon meet Bill Papke, made Sailor Burke quit in the sixth round of their contest at the Fairmont club last night.

Lewis had knocked Burke down with a smash on the jaw and looked like a sure winner, but Burke declined to get up to take the medicine that was awaiting him.

In the first round Burke scored a half knockdown. Lewis then felled the far in the second, while in the third round, in which both men were hammered to the canvas, it looked as if Lewis might be defeated, but Lewis had a stout heart and fighting carefully, he barely caught Burke on the jaw with a punch that took all the fight out of him. Burke tried to hang on in the clinch, but Lewis shook him off and beat him down.

Then Burke refused to continue, as he evidently knew that Lewis was his master.

BID FOR FIGHT.

London Offers \$25,000 For Jeffries-Johnson Bout.

London, Aug. 14.—An offer of \$25,000 guarantee, besides 50 per cent. of the gate money, was telegraphed yesterday by a syndicate to Jack Johnson and Jim Jeffries, on condition that they decide their match in London. A number of American sporting men are among the members of the syndicate.

Base Ball Notes.

Harry Lord has started up his stick work again.

Hugh Jennings is looking for a good first baseman.

Speaker played a great game for the Red Sox Thursday.

The deal to get Johnnie Kling to manage Brooklyn has been called off.

The Red Sox leave for New York and their western trip after one more game with Cleveland.

Girard pitched in both games of the double header which Lynn played with Fall River Thursday.

Manager Cantillon of Washington denies the report that his team will finish the season at Reading, Pa.

The Athletics have made no charge against Tim Lincecum, but Ben Johnson may not let him off so easy.

The Chicago Cubs received a salvage Thursday, when McGraw's Giants took a double-header out of them.

The world's pitching record is held by Luby, who in 1890 won 20 consecutive games for the Chicago Nationals.

Detroit has secured pitcher Pern of the Aberdeen club in the Northwestern league. The consideration was about \$4,000.

Umpire Harry Mace of the Virginia State league has been hired by Pres. Heydler for the National league for next season.

Mordca Brown was whacked for five years in one inning. That must have been discouraging to the Red Sox fans. Evidently the Cubs need Reulbach.

Bender was rather erratic Thursday, when he pitched against St. Louis. He allowed only five hits, but he passed four and only struck out three men.

FETE IN MANILA.

Eleventh Anniversary of The City's Capture By Our Troops.

Manila, Aug. 14.—The eleventh anniversary of the capture of Manila by the American forces was today celebrated yesterday. The streets were thronged with veterans, wearing their old uniforms.

At the annual convention yesterday of the Philippine Department, Spanish War Veterans, Major Thomas Hartigan was elected commander.

Fire Engineers Sustained.

Manchester, N. H., Aug. 14.—A hearing which has been in progress for two days to give opportunity to Chief Thomas W. Lane and his associates engineers of the fire department to show cause why they should not be dismissed from office, was brought to an abrupt ending yesterday. It was voted by the mayor and aldermen to place the charges against the fire engineers on the table, and to adjourn. This is regarded as a vindication of the fire engineers.

DYNAMITERS IN SWEDEN

The Strikers at Last Attempt
Violence

NO DAMAGE, HOWEVER

Has Yet Resulted—Large Amount of the Explosive Stolen—Precautions Are Taken to Guard the Capital.

Stockholm, Aug. 14.—For the first time since the commencement of the general strike in Stockholm, the strikers are attempting to damage property. Thursday night a stick of dynamite was placed on the track of one of the street railways, but fortunately was discovered before it exploded. Yesterday morning a number of electric wires were cut.

A building where dynamite was kept was entered and robbed Thursday night, and the police yesterday discovered a large box of this explosive in the possession of one of the extreme members of the Young Socialists party. The second division of the Swedish fleet has come here from Karlskrona and now is moved not far from the royal palace. This change followed a command given by King Gustave.

PLAN TO SETTLE HAT STRIKE.

Agreement in Newark and Orange, N. J. Reached—Men to Have Old Places.

Newark, N. J., Aug. 14.—It was learned yesterday that a plan for the settlement of the strike of the hat makers which has been in progress in Newark and the Oranges since January, was agreed upon in a conference between the manufacturers and John A. Moffatt, the president of the United Hatters, held at Sea Girt Thursday night. The conference was held at the request of Governor Fort and took place in his cottage. The terms of the settlement are not yet made known, but one of its original provisions is said to have contained a clause providing that the employees should at strike again during the next ten years. This clause was objected to by Mr. Moffatt, it is understood, and was compromised. After the Sea Girt conference, the result was reported to the other manufacturers and to the men in Newark Thursday night. The agreement is in the hands of the governor and is to be signed by both parties in this vicinity and does not include the New York men. The Newark and Orange manufacturers are now preparing to place the strikers at work.

TRAVIS BEATEN AT EKWAKOK.

Losses to Indies of Wykagyl, Although He Leads Up to the Sixteenth Hole.

Manchester, Aug. 14.—In the third match round for the first President's Cup on the Ekwakok links Walter J. Travis, T. M. Claflin, Frederick A. Martin and Henry H. Wilder were eliminated in the semi-finals yesterday afternoon. C. W. Ingle is pitted against Frederick Herrold, while Archie M. Reid is playing W. T. West.

The feature of the morning was the defeat of Travis by C. W. Ingle, Wykagyl. He lost to superior golf, notwithstanding the fact that he led nearly all the way until the sixteenth was reached. Here he missed his second putt, after having a long approach from the edge of the green and allowed his opponent to square the next match. This proved fatal, as the Wykagyl golfer shot the next hole in three, after Travis made a brilliant recovery from the bunker.

Harris Winner of Tournament.

St. Johnsbury, Aug. 14.—The fourth day of the Vermont state tennis tournament yesterday finished all the singles and doubles and to-day Fred H. Harris of Brattleboro, the winner of the tournament, plays George W. Pike of Springfield, Mass.

The present state champion for this year's championship, Harris, played a strong and steady game in the final yesterday against J. B. MacVeagh of the Phillips Exeter team, winning the match on his ace and his opponent's lack of judgment at critical points.

Following is the result of yesterday's matches:

Third round, J. H. MacVeagh beat Fennimore Gedy, 3-0, 6-1, 6-4; Harris beat Collicker, 6-3, 7-5. Semi-finals, MacVeagh beat Hosmer, 6-3, 6-1. Final round, Harris beat MacVeagh, 6-2, 6-1, 6-4. Finals in doubles, Collicker and Porter beat Ricker and Spaulding, 6-2, 6-1, 6-1.

The Exceptional Equipment

of the California Fig Syrup Co. and the scientific attainments of its chemists have rendered possible the production of Syrup of Figs and Elixir of Senna, in all of its excellence, by obtaining the pure medicinal principles of plants known to act most beneficially and combining them most skillfully, in the right proportions, with its wholesome and refreshing Syrup of California Figs.

As there is only one genuine Syrup of Figs and Elixir of Senna and as the genuine is manufactured by an original method known to the California Fig Syrup Co. only, it is always necessary to buy the genuine to get its beneficial effects.

A knowledge of the above facts enables one to decline imitations or to return them if, upon viewing the package, the full name of the California Fig Syrup Co. is not found printed on the front thereof.

A BASEBALL ROMANCE.

McCall's Work on the Diamond Won Dorothy Lawson's Hand.

Probably if Henry McCall, son of the Massachusetts congressman, had not devoted so much attention to baseball he would not now be one of the principal figures in the third wedding that is to take place at Dreamwood, the beautiful country home of Thomas W. Lawson. At any rate, Miss Dorothy Lawson, whose engagement to the young man has just been announced, while devoted to all outdoor sports and a regular attendant at all the football and hockey games, rowing races and tennis tournaments, is above all a baseball "fan," and it was as a baseball player that Harry McCall won her attention. Mr. McCall for three years, 1906, 1907 and 1908, was the star second baseman on the Harvard varsity team and ranked high as a batter.

So far Dreamwood has seen a harvest wedding, that of Miss Gladys Lawson to Eben Blaine Stanswood in October, 1905, at which the decorations were the ripened corns, fruits and vegetables grown on the farm, and a summer wedding, that of Miss Marion Lawson to James Fuller Lord, less than a month ago, celebrated out of doors in Dreamwood's wonderful garden of roses. Miss Dorothy, who was bridesmaid at both weddings, will

MISS DOROTHY LAWSON.

be a snow bride and will be married at Dreamwood in January.

Miss Lawson, who is just twenty, is the tallest of the Lawson girls and, like her sisters, is an expert whip and rider. She is a member of the Vineet club and has taken part in the last two or three annual "shows" given by that organization. She has spent much time abroad, and early in September she will sail for Europe to be absent until Christmas week.

Mr. McCall is twenty-three years old and a member of the Harvard class of 1900. While graduating this year, he did not attend college, as he completed his four years' work in three years.

HENS UNDER SUSPICION.

Gen Worth \$1,500 Missing and Execution of Chickens Follow.

Windsor, R. I., Aug. 14.—Mr. and Mrs. A. A. Thorndike and their family from Beantree had narrow escapes from a fire which destroyed the cottage they occupied, driving all the occupants out in their night clothes. They were saved by neighbors, who opened their homes for them.

In the excitement of the escape Mrs. Thorndike lost a valuable diamond ring, said to have been worth \$1,500, and all the chickens on the place are being headed to see whether they have swallowed it. There are more than 50 chickens on the place, and the jewel has not been recovered. Mrs. Thorndike thought that she must have dropped the ring in the yard while escaping from the flames and as it could not be found after a painstaking search it was thought that the chickens, who have a habit of picking up anything bright, might have swallowed it.

STORM KILLS THREE.

Boils Struck Buildings Where They Sought Refuge.

Indianapolis, Ind., Aug. 14.—The storm that visited Indiana last afternoon and night did fearful havoc everywhere. Two young men who sought refuge in a barn near Peru were killed and several others with them were unconscious for hours and were nearly burned to death. Near Alamo a boy was killed by lightning as he took refuge in a school house with three others who escaped. Barns, trees and growing corn suffered greatly.

KILLED HER OWN FATHER

To Save the Life of Her Year
Old Babe

THREATENED DEATH TO IT

If It Did Not Cease Crying—Had Drawn a Pistol When She at Once Shot Her Father Dead.

Dallas, Tex., Aug. 14.—In order to save the life of her year-old baby, Mrs. Belle Pistolet was compelled to shoot her father to death in the family home on Thursday evening.

The dead man, Ransom Ross, was a prominent Dallas county farmer. He came to Dallas Thursday and returned home in a drunken condition. The crying of his little sick grandson seated in his mother's lap infuriated Ross. He declared if the mother did not make the child cease crying he would kill it. The mother pleaded that she had tried but failed to quiet the baby.

Ross rushed to a bureau and drew a pistol from the drawer. As he started to turn toward her and her child, Mrs. Pistolet fired, the bullet piercing her father's heart, and he fell dead across the bed with his pistol clutched in his hand.

FIND MORE MISER'S COIN.

Yard Yields Box of Money and Niche in Wall Give Up More.

Pittsburg, Aug. 14.—Until dark last night the searchers continued to find money in and around the hotel of Peter Leibauch, the miser of the North Side, whose arrest last night caused financial revelations. While the Farmers Deposit National bank of Pittsburg, which is taking charge of the money as it comes in, will give out no further figures, it is estimated that \$70,000 has been found.

Fully 1,500 persons spent the day around the place, keeping them from rushing the premises.

A dog which had been owned by Leibauch and which had been chained in the yard was removed by the police, who were told that Leibauch had been seen to bury something there some nights before and then tie the dog near the place where he had dug.

Two feet below the surface the officers came on a rough wooden box which was filled with coin. A heavy stone retaining wall which was built by Peter Leibauch without any assistance is believed to be honeycombed with money, as many niches in the stone work already examined have yielded coins.

Leibauch, who is now under surveillance in the insane department of the city poor farm, will likely have a guardian appointed by the courts today.

HUGHES GETS RECORD CLIMBING MOUNTAINS.

He Scales Sulphur Peak, 4,000 Feet Ascent, in a Little Less Than Two Hours.

Banff, Alberta, Aug. 14.—Gov. Hughes of New York ascended the famous Sulphur mountain (4,000 feet) Thursday morning, accompanied by a guide, in one hour and fifty-three minutes. No Alpine climber who has ever made this ascent equaled that time. After starting the governor did not stop until the summit was reached.

He left yesterday for the East and will pass through Winnipeg on Saturday but will not stop there, having several engagements in the East he is obliged to keep.

Banff, a small village in the southeastern part of the Canadian province of Alberta, is situated in that exceedingly picturesque part of the Rocky Mountains known as the Canadian National Park. This charming summer resort, noted for its hot sulphur springs, stands 4,500 feet above sea level and is situated 500 miles east of Vancouver and 900 west of Winnipeg.

LAND FRAUD IN ALASKA.

Very Valuable Tracts Falsely Obtained.

Denver, Aug. 14.—Within a month a hearing will begin in Seattle, Wash., that government officials here assert will disclose proof of gigantic frauds in connection with coal lands in Alaska. The facts pointing to alleged frauds are known to Secretary Ballinger and Fred Dennot, commissioner of the General Land Office. That more than two hundred thousand acres of rich coal lands in Alaska, some of them having veins 65 feet in thickness, have been filed upon by dummy entrymen, procured through agents of six large corporations, the Land Office has evidence to prove, according to information made public. The view of General Land Office Commissioner Dennot is given out is that all entries found to be fraudulent should be canceled at once. One of the coal companies involved in the alleged fraud is located in Seattle, another in New York, and still others in San Francisco, Omaha and Chicago. The so-called dummy entrymen were recruited principally from the docks of Seattle, the mines of Butte and from the laboring classes of Chicago.
